By this petition, it is stated that co-inventor Anna Kosmatka is unavailable for signing the inventor declaration in the present application. CERTIFICATION UNDER 37 CFR § 1.8  
I hereby certify that the documents referred to as enclosed  
herein are being deposited with the United States Postal Service

Corporation has been unable to obtain Ms. Kosmatka's signature. The unavailability of co-inventor Anna Kosmatka is shown by the following facts and Exhibits A-F:

- 1) Ms. Kosmatka's last known address is:

482 Pebble Hill Road  
Doylestown, PA 18901-3130

(See Exhibit A, a note of unknown date, received by Diversa Corporation from Anna Kosmatka.)

- 2) On October 19, 2001, we sent a letter to Anna Kosmatka by certified mail with a Request for Return Receipt after Mailing. (See Exhibit B, a copy of the returned envelope.) The letter was sent to co-inventor Anna Kosmatka at her last known address, as set forth above, in order to obtain her signature on the declaration in the present application.
- 3) The United States Post Office attempted to deliver the certified letter, and returned the letter to our offices. The designation on the outside of the envelope stated "Not deliverable as addressed, unable to forward." The envelope also had the handwritten note, "MLNA," which, according to an agent in a December 7, 2001 phone call to the United States Postal Service, is a carrier abbreviation for "Moved, Left No Forwarding Address." The United States Post Office returned the letter to Gray, Cary, Ware and Freidenrich as unclaimed.
- 4) This letter was in addition to multiple attempts by Diversa Corporation to contact Ms. Kosmatka. None of these attempts have been successful in reaching Ms. Kosmatka to obtain her signature. (See Exhibit C, a fax cover sheet sent by Diversa Corporation on August 1, 2001. No response was received.)
- 5) In addition to an attempt to contact Ms. Kosmatka by mail, Stephanie Sharrett of this office attempted to reach Ms. Kosmatka at her last known phone number, 215-348-9395. Upon discovering

that this number appeared to be a fax number, Ms. Sharrett sent a fax copy of the declaration to be signed. (See Exhibit D.) Again, no response was received.

6) In another attempt to locate and contact Ms. Kosmatka, multiple internet searches were performed. The results of the searches, using various search engines, are attached as Exhibit E. As can be seen from the results, no phone number, e-mail address or physical address was found, either in Pennsylvania, or Nationwide.

7) In a different internet search, a reverse lookup technique was used, where the last known phone number and address were used to look up the resident. The results may be seen in Exhibit F. The reverse phone number lookup resulted in a showing of the phone number being for a "Mary Kosmatka." The reverse address lookup yielded no results.

As such, it is set forth that Ms. Kosmatka is an unavailable inventor under 37 C.F.R. § 1.47 and 35 U.S.C. 118. Accordingly, this petition will serve as a statement of the proof of her unavailability. In order to be fully responsive to the Notice of Missing Parts mailed August 8, 2001 and to advance prosecution, this petition is filed with a declaration signed by all inventors other than Ms. Kosmatka, leaving the signature block for Ms. Kosmatka blank.
